

## HILTON IN THE COMMUNITY FOUNDATION

Hilton in the Community Foundation is dedicated to making a real difference to those most in need, wherever Hilton International and LivingWell operate. By making charitable grants, the Foundation aims to support activities in education and health to equip individuals and relieve suffering. Additionally, at times of natural disaster, the Foundation quickly responds to support relief efforts.

Our supporters give through the Foundation, not to the Foundation, and as such we aim to distribute our funds as quickly and fairly as possible to worthy causes. By identifying projects and causes that have a positive impact on the lives of young people, we can offer our supporters the guarantee that their charitable contributions reach those most in need.

Hilton International funds the core administration costs of the Foundation, meaning that every £1 raised goes directly to charitable causes.

The Foundation focuses particularly on smaller charities that deliver excellent programmes helping children and young people in need. In 2005, over 90,000 young people benefited thanks to the £1,268,707 that was awarded to such charitable causes as Break, Crisis Skylight Café, Demelza House Children's Hospice, Skiability, Weston Spirit, ChildLine, St Andrew's Hospital and many more.

Last year's Foundation Ball raised £111,500 for the NSPCC. This year's nominated charity to benefit from the Foundation Ball is the Shooting Star Children's Hospice in Hampton.

## THE SHOOTING STAR CHILDREN'S HOSPICE

Hilton in the Community Foundation has selected the Shooting Star Children's Hospice to be the primary beneficiary from the 2006 Foundation Ball.

The Shooting Star Children's Hospice gives care and support to children and young people living with a life-limiting condition and to their families. With 10 children's bedrooms, 6 family rooms and facilities including a hydrotherapy pool and a multi-sensory room, the hospice offers a "home from home" environment to children and families who find themselves in the most unimaginable circumstances. With no statutory government funding, the £2.5 million required each year to run the hospice, comes from charitable donations and fundraising.

Shooting Star House Children's Hospice needs to raise the funds for two emergency rooms which are used to facilitate end of life care for children from 0 months to 18 years. The rooms are fully equipped and ensure that the children receive the very best one-to-one palliative care by a dedicated nursing team. Our target is to raise over £100,000 for the Hospice to fund these two vital rooms.

"We have had no previous help looking after Jordan and the hospice will allow us to spend quality time together as a family."

Tina Barfoot, Mum of Jordan aged 6
